12th International Microelectronics Olympiad

www.microelectronicsolympiad.am

Who can participate?

Students under the age of 30 active in the field of microelectronics

How is the Olympiad conducted?

The Olympiad is a series of knowledge-based written exams conducted in two stages:

▸ The first stage is held locally in all participant countries before July 31st.

▸ One winner from each country will be sponsored to attend in the final stage to be held in Armenia in October.

General Organizer

SYNOPSYS®

General Sponsor

VIVA^{CELL} MTS

In Cooperation With

IEEE tttc
